

Important Announcement

Wednesday 25th March 2020

**St. Rita's College – St. Margaret's College – Clayfield College –
Mary MacKillop College**

Due to the current health crisis effecting everyone's lives, the difficult decision has been made to suspend all of the school runs servicing these private girl's schools.

All runs will operate on Thursday 26th March 2020 in both morning and afternoon.

No school runs will operate on Friday 27th March until further notice.

As you may be aware, Red and White Coaches does not receive any form of subsidy from the Queensland Government though application has been made several times over the 40 + years of operating these services.

As more and more families decide to keep their daughters home because of the Coronavirus emergency, passenger loadings have declined to the point where we are unable to continue operating the runs for now.

A proposal was put forward for all four schools seeking a temporary financial top up to keep operating the school runs at least till end of term but unfortunately agreement could not be reached with all of the schools.

We stress that this is a temporary situation and that the six school runs will recommence as soon as everyone involved has a clearer picture of when life can get back to normal.

We sincerely apologise for any inconvenience this causes but we are left with no option at this point in time.

The management and staff of Red and White Coaches wishes all our customers good health in this difficult time and look forward to being of service again soon.

Best wishes

Phillip O'Riordan
